NPML Teen Volunteers
Social Media
@newprovlibrary

The NP Library has social media accounts on Facebook, Instagram, and YouTube. We need your help creating engaging, original content! We need short videos and photos that we can share to let the public see all the cool things the library has to offer, get new people to follow, and support the library.

Types of Social Media Posts:

Facebook and Instagram posts and reels that help showcase our library and our collection and events. There's a lot going on at the library and we need a quick way to show people what's available.

Quick and catchy reels/photos to highlight

- Book displays
- Bulletin boards
- Behind the scenes
- What's New Wednesday series (highlighting changes we are making)
- Weekly/Monthly programs
- Upcoming programs and events

YouTube videos

- How To videos:
    - Libby
    - Our new catalog (accessing your account, placing holds, freezing holds, saving borrow history etc.)
    - Online resources

You see things we don't, we want your ideas of what you think might be fun, interesting, popular, or different.

If you are interested in creating posts or reels for the library's social media, email Emma (teens@newprovlibrary.org) with your idea.
